

Enroll in Budget Billing Today

Take the guesswork out of your monthly utility expenses by enrolling in Budget Billing. This payment plan spreads the cost of your utility services over the year, so you'll pay the same amount each month. If your account balance is current, you qualify to start this plan. Visit CitizensEnergyGroup.com and login or register your account to receive an instant quote and to enroll. You may also call (317) 924-3311 to speak to a representative about Budget Billing.

Call Before You Dig

Spring is the time of year to be in the yard planting flowers, trees or even installing a fence. Did you know Indiana law requires all property owners to make an important phone call before doing any digging on their land? No matter why you might be digging in your yard, it is critical you call Indiana 811 or 800.382.5544 at least 48 hours in advance.

By calling 811, utility crews have time to come to your property and mark the locations of underground utility lines at no charge to you. Allowing utility crews to mark line locations will help keep you - or a contractor - from accidentally hitting a natural gas line, water main or other underground line. This will help keep service to you and your neighbors from being disrupted, and help protect you from expensive repair costs and a potential fine. More importantly, calling before you dig can help protect you from a serious or even fatal injury. Making this brief phone call is important no matter how shallow you dig or how simple your project is, since different utility lines are buried at different depths.

Local Heroes Honored

Public safety officers representing the Indianapolis Fire and Metropolitan Police Departments as well as the Marion County Sheriff's Department will be honored during the 48th Annual Fire, Police & Deputy Sheriff's Community Recognition Luncheon on Wednesday, April 27th. The awards are sponsored by nearly 40 businesses and local organizations, with Citizens Energy Group serving as the title sponsor. Citizens is proud to continue the tradition of recognizing outstanding public safety personnel, which was first established by the Indianapolis Water Company in 1968.
