

INDUSTRIAL DISCHARGE PERMIT APPLICATION

CWA Authority, Inc. (the "Authority") is the owner and operator of the wastewater collection and treatment system in the Indianapolis sanitary sewer system (the "System"). Through approvals and delegations by the United States Environmental Protection Agency and the Indiana Department of Environmental Management, the Authority is charged with monitoring and control over the direct discharge of pollutants to waterways consistent with the Authority's Industrial Pretreatment Program ("IPP"). All pertinent information related to the Industrial Pretreatment Program is available at: www.citizensenergygroup.com/pretreatment.

INDUSTRIAL PRETREATMENT PROGRAM HAZARDOUS WASTE STATEMENT

Regulations at 40 CFR part 403.12(p) and Resolution No. CWA 2-2011, Chapter 3, Section 3.13 require that Industrial Users ("IUs") report any substance discharged to the CWA Authority, Inc. ("Authority") sewer system which, if otherwise disposed of, would be considered a Resource Conservation and Recovery Act ("RCRA") hazardous waste as set forth at 40 CFR part 261. IUs are required periodically to complete the Hazardous Waste Statement to confirm their discharge status.

INSTRUCTIONS: Facilities that do not discharge wastewater that, if otherwise disposed, would be considered a hazardous waste should complete Part A of this Hazardous Waste Statement. All other facilities must complete Part B of this Hazardous Waste Statement.

Facility Name	
Facility Address (Street)	
Facility Address	
(City, State, ZIP)	
Contact Name	
Contact E-Mail Address	
Contact Phone Number	
RCRA Identification No.	
(If One is Issued to the Facility)	

PART A: APPLICABLE TO FACILITIES THAT <u>DO NOT</u> DISCHARGE WASTEWATER THAT, IF OTHERWISE DISPOSED, WOULD BE CONSIDERED A HAZARDOUS WASTE

The above-named facility does not discharge wastewater that, if otherwise disposed, would be considered a hazardous waste. Check the box to confirm this statement and have the Authorized Representative sign the certification statement below.

I certify under the penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly under my responsibility for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

PART B: FACILITIES THAT DISCHARGE WASTEWATER THAT, IF OTHERWISE DISPOSED, WOULD BE CONSIDERED A HAZARDOUS WASTE MUST COMPLETE THIS SECTION

The above-named facility discharges wastewater that, if otherwise disposed, would be considered a hazardous waste. Check the box to confirm this statement, complete the table below and have the Authorized Representative sign the certification statement below.

Name of Hazardous Waste	EPA Hazardous Waste Number (P-, U-, K-, D-, F- Codes)	Type of Discharge (Continuous, Batch or Other)

Note: If additional rows are needed, attach another page.

If the discharge is greater than 100 kilograms (20.5 pounds) per calendar month, this notification must include the following information to the extent known and readily available:

- 1. Identification of hazardous constituents in the waste(s);
- 2. Estimates of mass and concentration of constituents discharged during that calendar month; and,
- 3. Estimation of the mass of constituents in the waste stream expected to be discharged during the following 12 months.

Any changes to this Hazardous Waste Statement must be reported to CWA Authority, Inc. pursuant to 40 CFR 403.12(j).

If notification is made under 40 CFR 403.12(p), the Industrial User shall certify that it has a program in place to reduce volume and toxicity of hazardous waste generated to the degree it has determined to be economically practical as follows:

Pursuant to 40 CFR part 403.12(p)(4), I certify that (Facility Name) has a program in place to reduce the volume and toxicity of hazardous waste generated to be economically achievable.

I certify under the penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly under my responsibility for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

INDUSTRIAL DISCHARGE PERMIT APPLICATION CHECKLIST

The following items must be attached to this permit application (check off below when completed):

Completed Application and any supporting documents, including Safety Data Sheets

Completed Hazardous Waste Statement

Failure to fully complete all sections of this application may result in a delay of permit processing. However, certain items in this application will not apply to all industries. Please note such cases by entering "N/A" in the appropriate blank. Water intake and discharge information in this application is must be completed. Actual metered figures should be used if at all possible. Estimated usage may be substituted where information is not available.

A \$150.00 industrial discharge application fee (fee) is due upon submittal of a completed application. The fee will be applied to the permittee's sewer bill. For a new applicant, the fee should be submitted via check made payable to CWA Authority, Inc. and mailed to the address below.

This application must be submitted to the Authority no later than *sixty (60) days prior to the expiration of an existing permit*. New permittees or existing permit holders seeking modifications to their permit must also allow no less than sixty (60) days following submittal of a complete application for the issuance of a new or modified permit.

If you have any questions regarding the completion of this permit application, you may contact any one of the persons listed below.

Jeff Guinn	317-927-4394	jguinn@Citizensenergygroup.com
Beth Noel	317-927-1019	bnoel@Citizensenergygroup.com
Nathaniel Berg	317-927-1018	nberg@Citizensenergygroup.com
Cheryl Carlson	317-429-3569	ccarlson@Citizensenergygroup.com

The completed application may be submitted via e-mail to Pretreatment@Citizensenergygroup.com or mailed
